

Iryna Domashenko

Bio

I was born in Odesa, Ukraine in 1980. Currently lives in Kyiv. In 1997 I graduated from Odesa Art School 2. I have a higher education and graduated from the Kyiv National University of Technology and Design in 2006. Since 2023 I am a member of the National Union of Photographers of Ukraine. In 2023, part of the series "Synergy of Beauty" won 1st place at the international photo contest Le Prix de la Photographie de Paris (PX3) and 2nd place at the International Photography Awards

Artist statement

I work with subconscious feelings, but I don't always use the surrealist style, which was based on the subconscious, for my allegories and expressions of the semi-conscious. I intuitively start my series to work through my inner states and in the process I get feedback. My technical means of expression are the camera and the synergy between styles and techniques
